

## **MOTUEKA 50 plus WALKING GROUP**

### **MINUTES FOR MONTHLY MEETING 29<sup>th</sup> OCTOBER, 2020**

- **Welcome**

President, Tony Pearson briefly expressed the thought that although NZ was at Covid-19 Level 1, and, considering the recent news from UK and Europe, there was always the possibility of another outbreak for a while yet, and that we should take steps to ensure our safety should this ever occur, e.g tracing our “comings and goings” with the Tracer App, and applying safe hygiene practices.

He then welcomed everyone to the October 2020 meeting.

- **Walks and Steering Committee**

1. Next committee meeting

Tony notified that the next meeting would be at the RSA, Mon 9 Nov, 09.30.

All members are invited to the meeting.

2. Walk Descriptions

As already mentioned by Tony and Brian in the reports section, the 'experiment' of describing walks by colour rather than by group number has had less than favourable comment. The meeting verbally affirmed the number system. This will be discussed at committee and subsequently reported on.

- **Health and Safety Matters**

1. Nil

- **General Business**

1. Laptop computer

Tony reported that the group's laptop, used by the Secretary, now had its Microsoft 365 software licenced to the 50+ walking group - \$119 p.a. to 20 Oct 2021, and ESET antivirus software for 2 years - \$106.46.

2. Use of Surplus Funds

Tony indicated that a February, 2021 bus trip to Pelorus Sound was a likelihood, would cater for all walking groups, and a group fund subsidy would mean that the cost would be approx. \$5 per seat. However, there was a probability of needing 2 buses. All to be confirmed at a later meeting.

3. Wooden badges

All outstanding have been distributed. If you don't have any (hat and/or pack), advise Secretary so that they can be ordered.

4. Google email auto-distribution system

Ian gave a BIG THANK YOU to Graham I-M for finding a new way of entering names on to the system database. This means that the Secretary can do this without waiting for a reply from members; they will just be advised that this has happened. Also, the database now accepts some 'troublesome' email addresses, such that

Secretary does not now have to send separate emails to these addresses.

5. Replies to emails

Ian noted that there has been a big decrease in the number of emails where the originator just hits the REPLY button (to the Sec - unless for him)! Thank you all!

6. Away Trip 2021

Tony would still be very appreciative of having a volunteer(s) put their hand up in order to “have a go” at organising this trip, with his help as able, of course! If no one, there is the possibility of cancelling the trip till 2022. Come on, all those with organisational abilities...!

7. Bus Trip 12 Nov

Frances reported that all is in order for 26 going to Cable Bay.

- **Sales Table Report**

Judy reported that \$68 was received today! Great effort!

- **After meeting walk**

The day’s walk to Riuwaka River south branch was postponed to a later date due to the inclement weather.

- **Other Business**

Christine Davidson tabled some brochures and local area walking books for members to take, these being surplus to her needs. Many thanks Christine!

- **Meeting Closed**

Tony thanked members for their attendance.

The meeting was closed at 11.20am.
