- **Correspondence**

Karen reported- emails concerning walks notifications and program changes.

- **Reports from the previous month's walks/events. Are there any issues or points of interest that need reporting?**

Anita reported on the Pepin Island walk. It was a very nice walk and although bad weather was forecast, it arrived early. Strong winds and very heavy rain and hail. Walk 1 just made it back ok but walk 2 found it very hard going in the strong winds and they got very wet. It was a very good reminder to us all about the need to always have some warm clothing and to check our coats for how waterproof they are. It was also appreciated when members of walk 1 checked up to make sure everyone else was ok.

It is not only in the mountains we can be affected by sudden weather changes.

How can we improve the certainty of there being a walk 3?

All constructive input and member attendance welcomed including representatives for walk 3.

- **Health and Safety Matters**

Tony referred to his concerns about walk safety in April. In respect of the Mt Arthur incident, he has now spoken to both the leader of the walk and the member who had returned and was now satisfied that in the particular circumstances of that walk the correct decisions were made and there was no risk to the member or the group. The walks committee will review the guidelines in respect of returning walkers procedure to assess if any change is necessary.

- **General Business**

Can members please notify secretary of contact detail changes.

Tony notified the Motueka Community Pool committee of our continued support for the scheme.

Honorary members can be issued with membership cards if they require them but need to ask.

Polly Dyson line-dancing fundraiser for hospice. Donations to Polly.
