Members can report to walks co-ordinators about any issues good or bad concerning a walk so these thoughts can be taken to the next committee meeting.

Leaders are in front, walkers behind and TEC last We all need to watch for slower walkers who may need to consider their own fitness for the walk they choose.

Reminder about fitness, hill preparedness for up-coming Mt Arthur walk.

Resignation of John Wells as walks permission person and Wayne Chisnel and Kevin Piper as members of walk committee. All will remain in contact with the group, but their knowledgeable input to our discussions and planning will be very much missed and leave vacancies for other members to fill.
